Please make checks payable to Gecko Kids & submit payment in full to the school office soon!

Checks/Visa/MC accepted so sorry, but AMEX is NO LONGER accepted! checks payable to Gecko Kids  
 Check/Visa/MC# \_\_\_\_\_ exp date \_\_\_\_\_

Gecko Kids is a creative computer studio where preschoolers create and produce their own, unique books! In these hour-long classes, each child works on his/her own computer to create 2 pictures in their book. They begin working with simple tools in art programs and are progressively introduced to new tools, levels and concepts. We believe in immersing kids in a fun, creative learning environment so that they can comfortably learn at their own pace! They develop excellent fine motor skills; they develop sequencing skills; they learn to double-click and click-and-drag. Technical skills include short cuts (like Ctrl-O, Alt-F4, Window-E & Ctrl-C), knowledge of file management, file extensions and file organization. In addition, independence, self-esteem, problem-solving skills and creativity are all forefront on our developmental list of objectives! Try it! Classes are small! They fill up quickly!
